CE · III · M · RoHS Compliant ✓

Benefits

- LED technology for long service life
- Stylish and easy to install
- Ideal for under cabinet lighting

Key Features

- Multi-functional, reduces multiple SKUs
- High light output
- In built infra red sensor for detection as well as colour changing function
- Fittings can be daisy for simple installation

Product overview

The Quadra Pro is a stylish under cabinet light that offers superb light output. It is at the forefront of modern technology, offering two control configurations depending on which models you choose.

Configuration 1: A run of Quadra Pro lights (children) are installed with a Quadra Pro IR as the parent light. The user then controls the parent light with hand commands.
Configuration 2: A run of Quadra Pro lights (children) connect directly to a DuoFlex Receiver and are then controlled with the 3-ln-1 Remote Control.

Both control configurations enable the user to choose from a wide spectrum of 2900K – 6000K to get their desired colour temperature. Configuration 2 also enables all of the features associated with the 3-In-1 Remote control such as dimming and zone lighting.

Using Plug and play technology multiple fittings can be daisy chained together which provides a flexible system that can provide meaningful combinations to meet design demands.

The Quadra Pro also has a wide beam angle of 120° which fills cabinets or work surfaces and eliminates dark areas.

Technical Specification

Power	2.5W
Voltage	24V
Number of LEDs	24
Light Output	165lm
Color Temperature	2900-6000K
Dimmable	Yes, when used in conjunction with the DuoFlex Receiver and 3-In-1 Remote Control
Beam Angle	120°
Finish	Opaline Polycarbonate
Operating Temperature	5°C to 45°C

Order Codes

Description	Order Code
Quadra Pro IR	SE21092P0
Quadra Pro	SE21192P0
Quadro Kit 1 (1 x Quadra Pro IR, 2 x Quadra Pro, 1 x 15W Driver)	SE21292P3
Quadra Pro Kit 2 (3 x Quadra Pro, 1 x 15W Driver (SE40555), 1 x DuoFlex (SE1004100), 1 x 3-In-1 Remote Control (SE791990)	SE21392P3
