Dimensions:

Key Selling Points:

- Midway allows you to utilise the space between the wall units and the worktop, providing task lighting & storage.
- Designed by Sensio, this product is unique.
- Two finishes available; silver or black.
- Four initial accessories; small shelf, large shelf, utensil hooks and kitchen roll holder.
- The profile is 1m, butt two profiles together if longer length required.
- Any flexible strip from the Sensio range can be used in the profile channel.
- The profile can be cut to length.
- Branded end caps included.
