Key Selling Points:

- > The S-Shape flexible strip solves the problem designers and fitters have when fitting flexible strip lighting under the worktop in a continuous run around the edges to continue on the next side or around 90 degree bends on the plinth
- > The LED strip has a unique PCB board cut in a 'zigzag' shape with amazing flexibility, allowing you to be able to bend the strip along 2 axis'
- > Available in a 5000mm reel
- > The strip has 9080A grade 3M adhesive on the back
- > Available in both cool white and warm white LED
- > The product can be cut to length with cut points every 100mm
- > Long 50,000 hour lifespan
- > Uses the same connectors as the Primo range
