

ORGA-LINE for TANDEMBOX

Selection and ordering guide

Time for essential values

Set new standards for working in your kitchen. ORGA-LINE, the adjustable inner dividing system for drawers and pull-outs with double walled BOXSIDE, provides the perfect solution. Organise your storage space to meet individual needs using the adjustable ORGA-LINE system. Profit from interior organisation that is customised to the items being stored while, emphasising beauty, quality and durability at the same time.

The advantages of ORGA-LINE at a glance:

- Optimal storage space utilisation, customised to the item(s) being stored
- Complete sets make selection and ordering easier
- Special carcass widths provide flexible design options
- Stainless steel boxes and nylon parts that are durable and easy-to-clean
- Sets can be customised
- Can also be used with inner drawers and/or inner pull-outs
- Award-winning design

DYNAMIC SPACE – More fun in the kitchen

What should the kitchen standard be? Our DYNAMIC SPACE initiative looks into this question. Our goal: More storage space and improved quality of motion for a new kitchen standard. If the “planning in 5 zones rule” is applied then you get to keep the fun and lose the hassle.

This is what DYNAMIC SPACE can do for you:

- Ample, well-organised storage space using adjustable ORGA-LINE inner dividing systems
- Well-organised work flows using 5 zone planning
- Improved ergonomics using pull-outs/drawers instead of shelves in the base cabinet
- Optimal access and overview using full extensions and ORGA-LINE inner dividers
- Improved quality of motion when opening and closing

“Provisions” zone

Provisions such as noodles/pasta, flour, rice, semolina and cocoa are stored in the “Consumables” kitchen zone, which also encompasses the refrigerator and freezer.

ORGA-LINE for:

- Kitchen supplies

“Storage” zone

Utensils that are used on a daily basis are placed in the “Non-consumables” kitchen zone. Things that are used on a daily basis include dishes, glasses, cutlery as well as empty plastic containers.

ORGA-LINE for:

- Cutlery
- Odds and ends
- Plates & crockery
- Empty plastic containers

“Cleaning” zone

The sink and dishwasher form the centre of the “Cleaning” kitchen zone. This is the perfect location for both cleaning utensils and waste storage/separation.

ORGA-LINE for:

- Cleaning utensils
- Cleaning materials
- Waste storage/separation

“Preparation” zone

The “Preparation” kitchen zone is the main work area of the kitchen. Meals are prepared here. Kitchen utensils, knives, electric appliances, spices as well as many other items need to be kept close to the work area.

ORGA-LINE for:

- Kitchen utensils, knives, small electric appliances
- Open provisions
- Spices
- Bottles
- Bottles and Cutting boards
- Bottles and provisions

“Cooking” zone

The “Cooking” zone is arranged around the hob and oven. This area is the best place for cooking and baking ingredients, pots, cooking utensils and baking sheets.

ORGA-LINE for:

- Cooking utensils
- Pots, lids, pans and cooking utensils
- Baking ingredients
- Baking trays and baking ware

ORGA-LINE for provisions

- ☑ High fronted pull-out
- ☑ Inner pull-out
- ☑ SPACE CORNER

Lots of space for provisions

The storage space in pull-outs as well as the corner cabinet area can be properly organised using adjustable cross and lateral dividers. Provisions are well organised, won't tip over and are easily accessible. A quick look in the larder unit is all you need to make your shopping/grocery list.

**ORGA-LINE for waste/recycling
and cleaning material storage**

- High fronted pull-out
- Inner pull-out
- SPACE CORNER

No mess no fuss

The sink base unit contains the most frequently used kitchen pull-out because this is where the rubbish/recycling containers are located. For this reason, easy accessibility and secure storage as well as cleanliness are very important. Cleaning materials are stored hygienically in the ORGA-LINE bottle holder and kept separate from the recycling/rubbish holders via a dividing wall. Now rubbish separation can be done with no mess and no fuss.

Order specification:

Standard and special carcass widths starting at 800 mm:

ORGA-LINE for bottles

- High fronted pull-out
- Inner pull-out
- SPACE CORNER

For high expectations

The high fronted pull-out is especially well-suited for storing bottles of every size. Adjustable cross dividers ensure bottles are held securely in place. Easy access to oils, vinegar, marinades and dressings. The stainless steel drip tray is very easy to clean.

Order specification:

For standard carcass widths:

Drip tray

ORGA-LINE
for bottles and cutting boards

- High fronted pull-out
- Inner pull-out
- SPACE CORNER

Hygienic solution

The high pull-out can now also be adapted to store cutting boards along with bottles. This highly practical solution makes it easy to find the right cutting board and saves unnecessary bending and stretching.

If the contents of one of the bottles should leak then; no problem. The removable stainless steel tray of the ORGA-LINE set is very easy to clean.

Order specification:

Standard carcass widths starting with 400 mm:

Bottle set

Nominal Length	white or grey	Stainless steel

ORGA-LINE for pots,
lids, pans and cooking utensils

- High fronted pull-out
- Inner pull-out
- SPACE CORNER

A lid for every pot

Cooking items that are used on a regular basis should be kept near the oven and hob. With ORGA-LINE, you can organise the interior of your high fronted pull-out so that pots and lids are stored together. High back and side walls provide secure storage – preventing pot handles from jutting out. Depending on the need, there is even further space for commonly-used cooking utensils.

Reliable, safe, competent

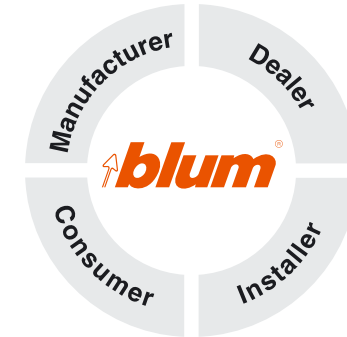

Blum is the reliable and competent partner for you: With the right products, useful services and experienced people.

The wants and needs of our customers represent the driving force for our business.

By engaging in dialogue together we discover new opportunities to perfect motion.

In this way, we can optimise and upgrade our products and services for our customers around the globe – thus benefiting everyone: Furniture manufacturers, furniture sellers, furniture installers and furniture buyers.

Our long established philosophy is to provide real advantages to each of our customers (throughout the supply chain).

Blum innovations have become milestones in furniture hardware manufacturing. Helping you to provide high quality furniture and inspiration for your customers, through a partnership of design and function.

Our goal is to make opening and closing furniture a truly emotional experience. “Perfecting motion” is our motto. It incorporates everything that is the best about the Blum brand.
