NEW

AVANTI
DOORS READY TO GO

Avanti Doors from HPP are our new range of off the shelf furniture doors.

They're 22mm thick, available in Quadro Shaker style or as integrated handle J-Pull doors in the Legno & Opus ranges. Best of all, they're available for next day nationwide delivery with no lead times! Avanti doors from HPP really are ready to go!

Order online now at www.hpponline.co.uk/avanti

about hpp

HPP was formed in 1991 with the sole aim of supplying components to the furniture industry.

Since that time the company and product range have expanded greatly to cover a huge range of full and processed sheet material, furniture doors and furniture fittings. Although the original area of operation was Greater Manchester this has expanded greatly to include virtually the whole country.

HPP now has more than 170,000 sq ft of floor space on two sites, continued investment means our production processes

use the latest technology, offering quality manufactured products in short lead times. Coupled with our integrated IT system this ensures a smooth work flow from your order being placed to being delivered to your door.

All of which goes towards our ultimate goal, **'to be the best supplier in the furniture industry'**

Printable order forms are available to download from
www.hpponline.co.uk/downloads

trade counters

We welcome the opportunity to meet our customers, so why not come and see our trade counters. You will find them well equipped with displays and demonstration units for many of our products.

Further to this dedicated trained staff are always on hand to help with any queries you may have. Although not as comprehensive as our Oldham trade counter our Sheffield branch still offers product displays and the same level of customer support.

how to open an account

To apply for an account simply download and fill in the application form from www.hpponline.co.uk/downloads and send it back to us by fax, post or e-mail. Further copies of the account application form are available at any branch or by contacting the sales office.

how to pay

If you do not have a credit account with us, we will require payment before any goods are dispatched. We accept all major forms of credit & debit cards, cheques and cash.

delivery

The majority of orders can be delivered next day. Orders over £150 ex VAT will be delivered FREE of charge. Orders under this value and those outside our standard delivery areas may incur a delivery charge. Alternatively goods can be collected from either HPP Oldham or HPP Sheffield.

Please note that manufactured door and cut to specification orders will be subject to lead times. You will be advised of the delivery date when you place your order.

marketing support

Our selection of marketing materials covers samples from across all our product ranges as well as other items designed to help you promote your business. Some of the products are unbranded allowing you to use them directly in your sales pitch without referencing HPP. If you think our marketing range is missing something please contact us and we'll see what we can do.

Products include:

handle boards

avanti doors

glide sliding doors

blum promotional pack

earthstone/synergii worktops

aspire & duo doors

hpp partners

We're always keen to look at ways to make life easier for our customers so we have teamed up with key industry partners who offer products to help you manage your business.

Designed to help you sell

Website: www.articad.com

ArtiCAD enables you to quickly and accurately design rooms such as kitchens, bedrooms and offices then easily produce amazingly life-like 3D models of that layout that are guaranteed to impress your prospective clients. Image libraries for Avanti Stock, Duo PVC Edged and Aspire Vinyl Wrapped doors are available for existing ArtiCAD users to download now. As well as being the leading KBB CAD product users of ArtiCAD Pro also benefit from seamless integration with EQ Software allowing them to generate designs, quotes and purchase orders in one efficient process.

www.eqsoftware.net

We have had our catalogue on EQ Software for several years now and over that time we have worked together to ensure that the information available is comprehensive and easy to use. As well as linking into ArtiCAD and making it easy to order HPP products EQ Software also has extended functionality such as stock control and integration with accounts packages such as Sage, making it a robust solution to many of your business needs.

We are proud to be the leading distributor of Blum products in the UK and are able to offer the entire range of Blum products, most of which is available off the shelf for next day delivery across the whole of the UK.

kitchen worktops

We offer Synergii laminate and Earthstone solid surface kitchen worktops. Synergii laminate kitchen worktops offer a high quality, highly durable kitchen worktop solution at an affordable price while Earthstone kitchen worktops bridge the gap between laminate and granite kitchen worktops offering premier quality within a stylish and durable range.

To see the complete range go to: www.hpponline.co.uk/cat/855

Earthstone kitchen worktops are a stylish and durable range of kitchen worktops which bridge the gap between laminate and granite.

Available in stunning designs which co-ordinate with most kitchen decors, Earthstone kitchen worktops are the premium touch to finish off any feature kitchen.

Earthstone worktops are manufactured from high quality 34mm thick chipboard with a 6mm solid acrylic surface, making it easy to create inconspicuous and waterproof seams, and also have a moisture resistant backer.

The renewable and repairable worktop surface means slight scratches or dents can be easily removed with a moist Scotchbrite pad and severe scratches and deep dents can be removed by a simple sanding process. The non-porous Earthstone worktop surface is also resistant to stains, mould, mildew and bacteria growth.

The Synergii range from Wilsonart offers premium laminate surfaces. Synergii worktops are available in 4.1 metre lengths, in 24 different

decors and all have matching breakfast bars and upstand options.

The Range Decors Include:

- High Definition - Glossy & Illuminating to make a statement
- Marble - Elegant designs entwined with detail
- Contemporary - A sophisticated take on a classic design
- Matt Stone - Colour & depth with natural designs
- Textured Stone - Subtle design with enticing textures
- Classic - A versatile choice of simple designs
- Wood - A dynamic alternative to traditional real wood

NEW!

avanti doors from hpp are our new range of off the shelf furniture doors.

They are 22mm thick, available in Quadro Shaker style or as integrated handle J-Pull doors in the Legno & Opus ranges. Best of all, they are available for next day nationwide delivery with no lead times! Avanti doors from HPP really are ready to go!

22mm Thick

Compared to a standard 18mm door, Avanti Doors look and feel high quality. The registered embossing on the Legno range matches the textured finish to the woodgrain effect giving these doors a uniquely realistic veneer like finish.

Shaker & J-Pull Styles

Available in the traditional Shaker and the contemporary integrated handle J-Pull style, Avanti Doors will suit any design. Accessories as well as glazed and curved doors are part of the off the shelf range.

Available For Next Day Delivery

The entire range of Avanti Doors are all off the shelf and ready to go. With around 750 different components all in stock you can order what you need right up to 5pm (Mon-Fri) and have it delivered the next working day!

10 New Ranges Including 5 UK Exclusives

Our 10 new stock door ranges include 5 decors that will be exclusive to HPP in the UK. Each range comprises of around 75 components including all the most popular door and drawer sizes, glazed and curved doors as well as accessories and matching end panels.

Hinge Hole Drilling Available

Avanti Doors come undrilled as standard but custom drilling is available as an option. Hinge hole drilling is subject to a short lead time.

Marketing Materials

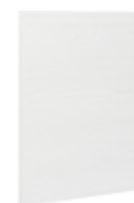

Avanti Doors are supported by a range of marketing products such as sample door sets, sample door bags, unbranded literature and high quality room set images.

bespoke work

As part of our continued expansion our panel production division has grown from strength to strength. Now covering over 20,000sq ft and housing some of the latest technology, it is capable of processing and dispatching over 6000 full sheets a week, allowing us to turn around most orders inside five days.

services

Our panel processing division is fully equipped to offer a comprehensive range of services including:

- ✓ Cut to specification, which covers both strip and component work.
- ✓ A free optimisation service ensuring that the maximum yield is achieved from each sheet.
- ✓ Edging service which covers all the major edge banding programmes including: Melamine, 0.45mm PVC, 1mm PVC and 2mm PVC. Edging can be applied on one, two, three or four sides.
- ✓ Drilling and grooving are also offered subject to minimum order quantities.

machinery

To ensure work is carried out as efficiently as possible and to the highest standard we utilise some of the latest equipment available including:

- ✓ A beam saw capable of cutting ten sheets at a time. Auto stacking ensures production time is kept to a minimum. Ideal for bulk work, this saw generally runs 22 hours a day processing cut to specification work as well as maintaining optimum levels of cut and edged on the shelf. The cut and edged range now covers 17 colours in 15mm thickness and 30 colours in 18mm.
- ✓ Two saws which are suited to processing more complex and intricate component work.
- ✓ All the saws benefit from large scale investment into diamond tipped cutting blades, ensuring jobs are finished to the highest possible standard and waste kept to a minimum.
- ✓ Edge banding is carried out on four machines. Built with specific modifications for HPP, this has increased the quality and efficiency of both our melamine and PVC edging.
