

SensioSound Illuminated LED Bluetooth™ Speaker

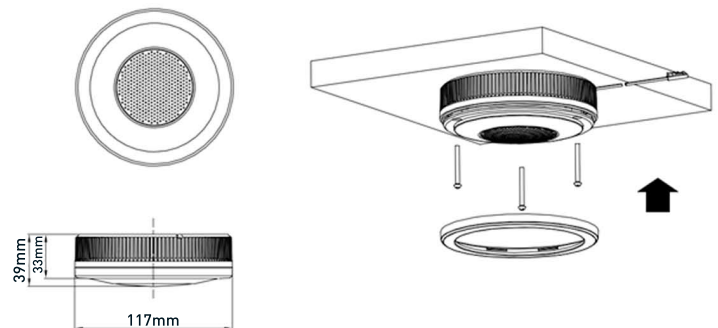

Specification:

Wattage: 8W
Voltage: 12V ■
LED Qty: 60pcs
Kelvin: Cool White (5000K)
Beam Angle: 120°
Life Span: 35,000 hours
Finish: Steel
Cable length: 1.8m per fitting
IP Rating: IP23
Lumens: 334 lm
Weight: 0.35kg
Frequency range: 20HZ-20KHZ
Signal-noise ratio: 85dB

Product code: SE21090C0

Dimensions: (mm/inches)

Key Selling Points:

- High output LED light with built-in Bluetooth RF wireless module to support the latest mobile devices with Bluetooth function.
- Steel finish with integrated heat-sync and frosted lens for a diffused light output.
- One device allows you to play your music, perfect for when you're cooking or entertaining.
- Keep your kitchen tidy as no other devices are required to play your music.
- Two of these fittings can be used in sync with one another (they must be powered by an individual driver).
- Quick and extremely simple to use, all you need is a SensioSound fitting, 12V driver and a mobile device with Bluetooth. No receivers, wireless boxes or additional wiring required.
- Wireless connection to your mobile device.
- Operational range of up to 10m.
