furniture lighting solutions

## Key Selling Points:

- Stainless steel fitting with cool or warm white LEDs, great for both the contemporary and traditional kitchens
- Depth of only 8.8mm, making it perfect where invisible lighting is required
- Now 72% brighter than the previous specification
- This fitting has a luminous efficacy of 75lm/W, making it over 20% brighter than equivalent products on the market\*
- Use as task lighting under cabinets or to illuminate cabinet interiors in wall units
- 18 High Definition LEDs, each diode has a lens over it to intensify the light output
- Long lamp life - lasts up to 11.5 years more than halogen
- Can be used with a range of sensio switches and dimmers for on/off switching
