## LED Dimming On/Off Switch

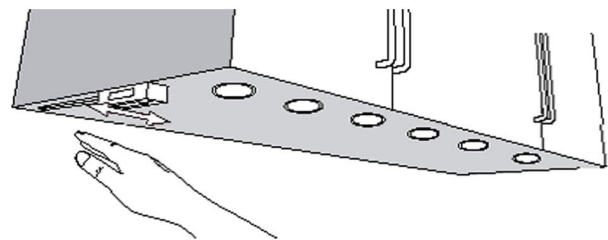

### Specification:

Wattage: 15W ■ 30W ■  
 Use with: 12V ■ or 24V ■ products  
 Cable length: 2.5m with 6 port JB4 connector  
 Detection range: 5cm

This product has 3 functions;  
 Touch dimming  
 Swipe on/off control for under cabinet lighting  
 On/Off control for in-cabinet lighting operation

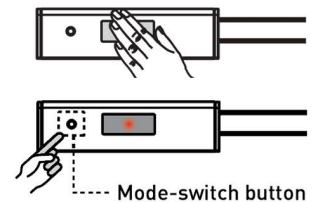

### Functions:

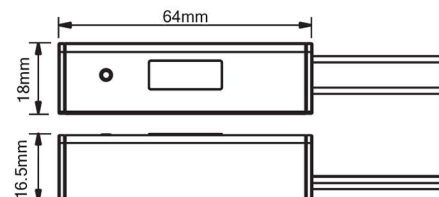

**Under cabinet** - The lights are activated by a hand swipe across the sensor and deactivated the same way.

**In Cabinet** - The lights are activated by the opening of a cabinet door and deactivated once the door closes.

**Dimming** - Hold your hand in front of the sensor the dim the lights. The lights will dim/brighten in increments of 10%. Remove your hand once the desired brightness level is achieved.

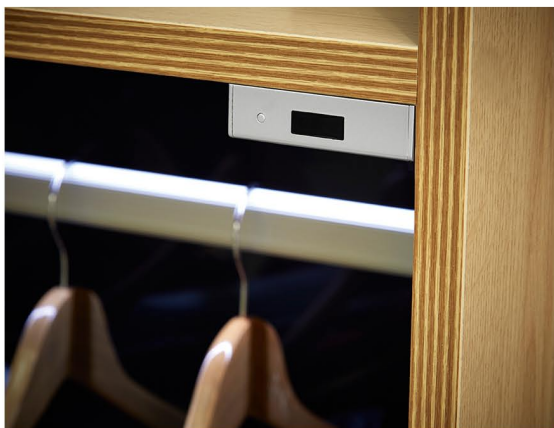

### Dimensions (mm)

### Key Selling Points:

- Multi-functional product. The SE40520 has 3 functions, use as a dimmer, on/off switch or in-cabinet on/off switch for 12V & 24V LED products
- Attractive product, perfect for contemporary kitchens
- Use with any 12V or 24V Sensio product (without an integrated sensor)
- Aluminium effect finish to match a large range of Sensio products
- Plug and play - simple to add into your lighting scheme
- Affordable. This multi-function product has a low RRP
