PerfectSense® Matt & Gloss Lacquered MDF

Our PerfectSense matt and gloss surfaces are visually striking and offer high levels of durability. They are perfectly suited to upmarket furniture and commercial interiors.

EGGER PerfectSense Matt Lacquered MDF

A supermatt surface with anti-fingerprint properties. It can be used for vertical and horizontal applications.

EGGER PerfectSense Gloss Lacquered MDF

A smooth surface with reflective properties. It is suitable for vertical applications only.

PerfectSense® Ambiance Lacquered MDF

EGGER PerfectSense Ambiance stands out with its innovative and luxurious matt-gloss effect. The synchronised textured lacquered surface gives the look and feel of real stone.

PerfectSense® Matt Lacquered Chipboard

EGGER PerfectSense Matt Lacquered Chipboard is characterised by its matt surface and velvety-warm feel, with anti-fingerprint properties.

PerfectSense Feelwood TM28 and Matt TM12 offer a deep matt, realistic woodgrain effect, for high-end furniture and interiors.

To find out more

Feelwood®

Create the right impression with EGGER Feelwood, a range of strikingly realistic woodgrain reproduction decors.

Due to the synchronised decor image and texture, Feelwood surfaces have an authentic touch and are indistinguishable from real wood.

Feelwood offers a cost-effective, durable, high performance alternative to solid timber or real wood veneer.

Accent Edging

ABS and PMMA Accent Edging complements or contrasts with the surface decor, creating a high-value finish with minimal effort.

PerfectSense® Lacquered Chipboard (TM)

EGGER PerfectSense Lacquered Chipboard TM (formerly TM9) offers luxurious uni colours with anti-fingerprint technology. TM complements EGGER PerfectSense Lacquered Boards.

Further colours in the EGGER PerfectSense Matt Lacquered Boards range, outside the UK stock programme, are available to order as PM on an MDF core and TM on a chipboard core. Laminate and edging in PM are available for both board core variants.

PM is ideally suited for horizontal and vertical applications. TM features improved surface properties and is best suited for vertical surfaces.

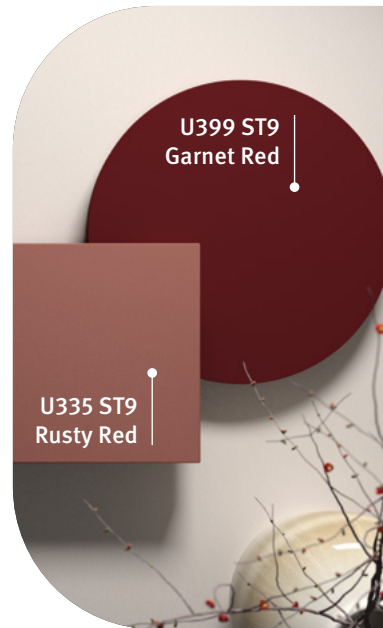

Due to the different materials used, some decor-texture combinations may show slight surface differences.

*All samples shown here are PM Laminate

Uni colours & White tones

Neutral colours create calm and harmony, muted colours complement woodgrains and stone, and bright colours provide expressive accents.

Space for transparency and responsibility.

A healthy home that you can rely on.

to.egger.link/healthy-living

We are aware of the importance of indoor air quality for a healthy home. Our products are regularly tested by independent institutes to establish their suitability for healthy living and they fulfil strict international emission standards.

Focus on product transparency.

to.egger.link/epd

We prioritise the responsible use of the valuable resource wood. With externally verified environmental product declarations, we make the environmental impact of our products easy to determine and highlight our promise: More from wood.

By filling in the form you will be registered for the next collection.
